TABLE 2: Product owned by DHBs and stored by NZBS.

The following products are held by some NZBS sites on behalf of DHBs who retain ownership at all times. This arrangement is described in a Memorandum of Understanding with each DHB. Any issues arising with the storage or handling of these products, such as temperature excursions, must be directed to the relevant DHB for assessment and decision. NZBS does not have authority to discard without prior approval from the DHB.
